

The diagram shows a page layout with three distinct regions. At the top, a small red dotted oval contains the word 'SINGLE'. Below it, a large black triangle points downwards, representing the 'SAFETY MARGIN'. Underneath the triangle is a large white triangle pointing upwards, representing the 'BLEED AREA'. At the bottom, a large red triangle points upwards, representing the 'CUT AREA'. The entire layout is enclosed in a solid red rounded rectangle. A dashed red line follows the inner boundary of the rounded rectangle, defining the 'CUT AREA'.

SINGLE

SAFETY MARGIN

KEEP ALL IMPORTANT
INFORMATION IN THIS AREA
OR IT MAY BE CUT OFF

BLEED AREA

MAKE SURE THE ARTWORK FILLS
ALL OF THE BLACK AREA END TO
END WITH NO WHITE BORDERS

CUT AREA

THIS IS THE AREA THAT WILL BE
CUT FOR THE FINAL PRODUCT
